

## Anti-Ageing Products

Name	INCI / CAS NO.	Description
Inner Renewal [CC+AA]	Centaurea Cyanus Callus Lysate Extract (and) Ascorbic Acid	Anti-ageing, anti-wrinkle effect especially crow's feet, increasing epidermal cell renewal, anti-oxidant, increase skin's firmness, improving epidermis density. Slowing down call oxidation, repairing cell function especially increase fibroblasts presence and efficiency. To be used in antiwrinkle serum for older skin.
Optimum Life Angelica	Angelica archangelica callus extract	Universal anti-ageing, anti-wrinkle and fine lines, firming, balancing, strengthens vital function of skin cells. Protecting, anti-pollution and anti-oxidant. To be used in day care or serums made to get an overall improvement of skin. For any type of skin, skin care and color cosmetics.
MRReload Sequoia	sequoia sempervirens leaf cell extract	Global anti-ageing, dedicated for mature skins, decreases especially wrinkles and fine lines on male skins. Firming. Helps to a better moisturization, reinforces the cutaneous barrier. Soothing. Protects from overall oxidation directly and by strengthening the action of antioxidant enzymes. For any types of skin, face and body, to be used for a cure or a daily use. skin care and makeup.
Initial E [PT+TMG]	Polianthes Tuberosa Callus Extract (and) Betaine	Anti-wrinkle, anti dark circles, anti-puffiness. Multi activities and especially dedicated to eye contour. Anti-ageing and balancing effects, firming, moisturizing, increases radiance and skin barrier. Lipid restoring. Soothing, decreases skin irritation. Dedicated to adult and mature skins. To be used in eye contour products. Daily care or treatment care.
Power Extension [HSB+R]	Hibiscus Syriacus Callus Extract (and) Rutin	Anti-ageing, for adult and mature skins, limits the slowdown of metabolism, reinforces the production of energy, boost cell activity, antioxidant, limits the production of free radicals, helps to decrease the production of wrinkles. For facial daily skin cares or treatment - day or night care
All Even Sweet Iris	iris pallida leaf cell extract	Anti-ageing, it limits the apparition and the creation of wrinkles, firming effect. Improves suppleness and firmness of the skin, limit dryness of skin. Regenerating - any type of skin, especially for adult and mature skins - skin care againts wrinkles, eye contour care, or global anti-ageing products. For day and night skin care.
Foreseen Shield Nopal	Opuntia ficus indica leaf cell extract	Decreases the effect of photo-ageing, protects cell DNA from UVA and UVB, against scavengers, limits the creation of dark spots, protects and reinforces the skin immune system, decrease creation of wrinkles, for adult and mature skins, when skins is exposed a long time to UV rays - for daily facial care, sun care, after sun care
All Fiber Booster Olive tree	olea europea leaf cell extract	Anti-ageing, it limits the apparition and the creation of wrinkles, firming effect. Improves suppleness and firmness of the skin, limit dryness of skin. Regenerating - any type of skin, especially for mature skins and for skin care againts wrinkles, or global anti-ageing products. For day or night skin care.
All Fiber Booster Chinese hibiscus	hibiscus rosa sinensis leaf cell extract	Anti-ageing, it limits the apparition and the creation of wrinkles, firming effect. Improves suppleness and firmness of the skin, limit dryness of skin. Regenerating - any type of skin, especially for mature skins and for skin care againts wrinkles, or global anti-ageing products. For day or night skin care.
Inside Heart Egyptian blue lily	nymphaea caerulea leaf cell extract	High anti-ageing action. Slows down general intern cell ageing. Contributes to maintain skin youth, thanks to a better skin tension, and to better cell functions in the derma. Long term action. For mature skins - for face - night and day cream

Name	INCI / CAS NO.	Description
StandStill Rose from Damas	rosa damascena leaf cell extract	Anti-ageing - repair action. Prevents ageing of the derma. Decrease the formation of wrinkles. Helps to keep a firming and supple skin. For mature and adult skins. Also for eye contour care - night and day skin care.
Fiber Booster Plus saffron	Crocus sativus callus extract	Helps to keep a firming and supple skin. Appropriate for bust, neck and shoulders, arms and beauty care. For mature skins or during a slimming diet. Also for eye contour care - face and body - night and day care.
Total Generation Centella asiatica	Centella asiatica leaf cell extract	Repair action, global anti-ageing. Reduces sagging of tissues, furthers skin firmness and elasticity. Contributes to decrease wrinkles. Reboostes skin youth, reinforces the skin barrier. Regenerating, redensifies, for mature and tired skins - treatment or daily use - skin care and body care - night and day care.
New Regeneration Cocoa	theobroma cacao (Cocoa) leaf cell extract	Anti-ageing focused on major components of the dermo epidermis junction. Strengthen the skin support function, improves suppleness and firmness of the skin. Increases skin barrier, helps to limit dryness of the skin surface. Regenerating. Any type of adult and mature skins for face care.
Total Generation Curry plant	Helicrysum italicum leaf cell extract	Repair action, global anti-ageing. Reduces sagging of tissues, furthers skin firmness and elasticity. Contributes to decrease wrinkles. Reboostes skin youth, reinforces the skin barrier. Regenerating, redensifies, for mature and tired skins - treatment or daily use - skin care and body care - night and day care.
All Fiber Booster Tea		Anti-ageing, it limits the apparition and the creation of wrinkles, firming effect. Improves suppleness and firmness of the skin, limit dryness of skin. Regenerating - any type of skin, especially for mature skins and for skin care againts wrinkles, or global anti-ageing products. For day or night skin care.
Inside Heart Gardenia		High anti-ageing action. Slows down general intern cell ageing. Contributes to maintain skin youth, thanks to a better skin tension, and to better cell functions in the derma. Long term action. For mature skins - for face - night and day cream
Revive Commiphora and Rose from Damas		For adult and mature skins, starting 45-years old women, Prevents development of wrinkles, firms and makes skin more toned and supple. Promotes epidermis cell renewal and regeneration, and provides a better cell energy. Appropriate for serums, treatments, after an operation - for face and damaged parts of the body - day and night care.
StandStill White water lily		Anti-ageing - repair action. Prevents ageing of the derma. Decrease the formation of wrinkles. For mature and adult skins. Also for eye contour care - night and day skin care.
Fiber Booster Plus Hardy orchid		Helps to keep a firming and supple skin. Appropriate for bust, neck and shoulders, arms and beauty care. For mature skins or during a slimming diet. Also for eye contour care - face and body - night and day care.
Total Generation Sequoia and Egyptian blue lily		Repair action, global anti-ageing. Reduces sagging of tissues, furthers skin firmness and elasticity. Contributes to decrease wrinkles. Reboostes skin youth, reinforces the skin barrier. Regenerating, redensifies, for mature and tired skins - treatment or daily use - skin care and body care - night and day care.
miniHA™	Hydrolized Sodium Hyaluronate	Anti-ageing, repairing and moisturizing products, such as eye cream, serum, sunblock cream, BB cream, lipstick, etc

Name	INCI / CAS NO.	Description
Bioyouth™-EGT Pure Ultrapure Ergothioneine	Ultrapure Ergothioneine	Remove free radicals, protect proteins, DNA and other biological macromolecules, protect mitochondria, and have anti-aging and anti-photoaging effects
Bioyouth™ NATTO	Bacillus/soybean ferment extract	protecting the skin barrier, increasing cell activity, anti-inflammation, anti-aging, increasing skin's elasticity, improving skin texture
Bioyouth™-EGT Pro Super Active Ergothioneine	Ergothioneine, Tricholoma Matsutake Mycelium Ferment Extract/Tricholoma Matsutake Extract, Hydrolyzed Sodium Hyaluronate, Trehalose	Increase L-ergothioneine (EGT), polysaccharide, and amino acid yields. Have moisturizer thanks to Trehalose. Scavenging Free Radicals due to mitochondria respiration.
Bioyouth™ RICE	Saccharomyces/rice ferment filtrate	Increasing cell activity, repairing damaged cells, anti-oxidant and delaying skin aging, significant whitening effect, moisturizing
Bioyouth™-FCM Cordyceps Militaris Ferment Filtrate	Lactococcus Ferment, Cordyceps Militaris Extract, Pentylene Glycol	Cordyceps militaris is a medicinal and edible fungus improving immunity and prolonging life, but also has antioxidant properties, firming, brightening, anti-aging and other skin care benefits.
Bioyouth™-EGT Ergothioneine Complex	Ergothioneine, Tricholoma Matsutake Mycelium Ferment Extract/Tricholoma Matsutake Extract	Anti-oxidant function as the Ergothioneine (EGT) play the rule to suppress free radicals, which lead to anti-apoptosis. Reduce UV and brown spots, reduce fine lines and roughness and improve skin elasticity. The product conforms to both natural and genetic anti-aging trends.
Bioyouth™ BLC Bluelight Care	ECTOIN, TREHALOSE, TROPAEOLUM MAJUS FLOWER/LEAF/STEM EXTRACT, ERGOTHIONEINE, TRICHOLOMA MATSUTAKE MYCELIUM FERMENT EXTRACT, SODIUM HYALURONATE, HYDROLYZED SODIUM HYALURONATE, SODIUM POLYGLUTAMATE	Provides multi-layer and three-dimensional protection for the skin, which can protect the skin from light damage, reduce oxidative stress, effectively resist aging, brighten and tighten the skin.
Microecobeauty ME-2	LACTOBACILLUS FERMENT, PENTYLENE GLYCOL	Screened from 85 probiotic strains, significantly increase the secretion of Nrf2 and activate the antioxidant pathway, enhance cell antioxidant capacity, reduce oxidative damage, reduce pigment deposition, tighten and brighten skin
Gabacare™ BL98T	gamma aminobutyric acid	reduce wrinkles rapidly and smoothen skin, repair damaged skin, promote natural HA and collagen synthesis
GREENIOV MADOSIDE	Centella asiatica Extract, Cyclodextrin	Anti-inflammation, wound healing, UV-damaged skin repairing, anti-ageing
GREENIOV PRO RENEW	Hydroxypropyl Tetrahydropyrantriol	Anti-ageing & anti-wrinkles
NanoActive Res	NanoActive Resveratrol	Skin lightening, skin depigmenting, skin rejuvenation, anti-aging, anti-wrinkle, anti-acne, anti-Glycation
NanoActive RAL	Nanoactive Retinaldehyde	Skin lightening, skin depigmenting, skin rejuvenation, anti-aging, anti-wrinkle, anti-acne
NanoActive Asta	Nanoactive Astaxanthin	Skin lightening, skin depigmenting, skin rejuvenation, anti-aging, anti-wrinkle
NanoActive SymWhite377	Nanoactive Phenylethyl Resorcinol	Skin lightening, skin depigmenting, anti-aging
Nanoactive THC	Nanoactive Tetrahydrocurcuminoids	Skin lightening, skin depigmenting, anti-aging
Nanoactive Glabridin	Nanoactive Glabridin	Skin lightening skin depigmenting, anti-aging
Nanoactive ALA	Nanoactive Alpha lipoic acid	Anti-aging, anti-wrinkle, Skin lightening, skin depigmenting, skin rejuvenation
Nanoactive Q10	Nanoactive Coenzyme Q11	Anti-aging, anti-wrinkle, Skin lightening, skin depigmenting, skin rejuvenation

Name	INCI / CAS NO.	Description
Nanoactive Curcumin	Nanoactive Curcumin	Anti-aging, anti-acne, repair Anti-Allergic
Nanoactive VC	Nanoactive Vitamin C	Skin lightening, skin depigmenting, anti-aging, anti-wrinkle
Nanoactive AEK	Nanoactive Vitamin AEK	anti-aging, anti-wrinkle, Eye care
Nanoactive SA	Nanoactive Salicylic acid	Anti-aging anti-wrinkle, anti-acne, skin lightening
HydraSourcing [AMP+PS]	Argemone Mexicana Callus Extract (and) Pullulan	Hydrating in a short and long term, helps to maintain the quality if the hydrolipidic film, strengthens the NMF in the epidermis, contributes to strengthen the skin upper protection, regenerates, restores lipid levels, anti-ageing - any skin type - face and body - day and night care
Balancing Energy Asian ginseng	panax ginseng leaf cell extract	Energizing action on the epidermis, helps a better cell renewal, provides and preserves cell balance, boots and keeps cell life functions at a natural level, anti-ageing - mature and tired skins - face and body care- specific or limited treatment.
Full Energy Budha's hand citron	citrus sarcodactylus callus extract	Energizing, increases and balances the energetic metabolism. Anti-oxidant, limits the creation of free radicals, especially at the level of cellular respiration. Improves cell regeneration, anti-ageing. Suits any type of skin, mature and tired skins. To be used in any skin care products, night skin care products or foundations.
Full Energy Vanilla	vanilla planifolia leaf cell extract	Energizing, increases and balances the energetic metabolism. Anti-oxidant, limits the creation of free radicals, especially at the level of cellular respiration. Improves cell regeneration, anti-ageing. Suits any type of skin, mature and tired skins. To be used in any skin care products, night skin care products or foundations.
Balancing Energy Coffee and Peppermint		Energizing action on the epidermis, helps a better cell renewal, provides and preserves cell balance, boots and keeps cell life functions at a natural level, anti-ageing - mature and tired skins - face and body care- specific or limited treatment.
Splint&Slim Great bougainvillea	Bougainvillea spectabilis leaf cell extract	Slimming, helps to get a thinner shape, firming, regenerating, anti-ageing - any type of skin - for body care, day and night application, I a cure or on a regular use
GINACTIVE Hydra	Sodium Hyaluronate	Sodium hyaluronate is a humectant and skin conditioning agent. It acts as a thickener. It prevent water loss and can be used in anti-wrinkle and anti-ageing preparations
ZPC®Collagen005S	PALMITOYL PENTAPEPTIDE-4	A signal peptide that promotes the production of human type I and III collagen and fibronectin and reverses skin ageing from the inside out.
ZPC®Wrinklend002S	PALMITOYL TETRAPEPTIDE-7	Regulate the secretory capacity of interleukin IL-6 by mimicking fragments in immunoglobulin IgG, thereby reducing the inflammation damage to the skin; In addition, improve the stability and transdermal absorption rate of peptides
ZPC®Wrinklend013S	PALMITOYL TRIPEPTIDE-1	Can promote the synthesis of matrix proteins, especially collagen, and may also increase the production of elastin, hyaluronic acid, glycosaminoglycans and fibronectin.
ZPC®Creasend011S	PALMITOYL TRIPEPTIDE-5	A signal peptide that promotes the synthesis of collagen and elastin in the dermis and activates tissue growth factor production, acceleration the production of collagen and repairing wrinkles.
ZPC®Wrinklend019S	PALMITOYL HEXAPEPTIDE-12	Have a positive effect on stimulation fibroblasts to secrete collagen and elastin.
ZPC®Creasend010S	PALMITOYL TRIPEPTIDE-38	Rebuilds the skin from the inside where it is needed, smoothing wrinkles and soothing the skin, especially for the forehead wrinkles, crow's feet, head, and neck lines.
ZPC-Anti-protease100S	TRIFLUOROACETYL TRIPEPTIDE-2	Reduce the degradation of ECM matrix. Degradation of progeria proteins can be induced by macrophagy.

Name	INCI / CAS NO.	Description
ZPC-Collpep105S	ACETYL TETRAPEPTIDE-2	Promote the collagen COL17A1 composed of DEJ hemidesmosomes to a certain extent, and effectively promote the collagen level and elastic fibers, promote the combination of cells and ECM, and resist the adverse effects resulting in the loss of skin compactness and adhesion.
ZPC®Creasend077S	PAMITOYL TRIPEPTIDE-8	Has anti-inflammatory, soothing and calming effects, preventing and soothing inflammatory damage to the skin.
ZPC®Collagen015S	ACETYL TETRAPEPTIE-15	By improving the skin's tolerance to environmental factors, it relieves the discomfort of the skin caused by cosmetics and skin treatments, and as a result, sensitive skin get relieved. It is similar to a natural opioid peptide that reduce irritation to the nerve endings of the skin.
ZPC®Wrinklend038S	PALMITOYL TRIPEPTIDE-1 ect.	By mimicking messenger messenger peptides, they induce the skin to think that it is damaged and needs to produce extra collagen. Enhanced the stability of the peptide and increase transdermal absorption rate.
ZPC®Beauty0757S	PALMITOYL TRIPEPTIDE-1 ect.	Contains a variety of lipophilic small molecule pypeptide active ingredients, according to the collagen production mechanism, precise positioning, effectively promote the synthesis of collagen, make facial skin plump and give elasticity, reduce wrinkles, resist ageing.
ZPC®Creasend053S	ACETYL HEXAPEPTIDE-8 ect.	Contains five active components: palmitoyl tripeptide-1, palmitoyl tetrapeptide-7, carnosine, acetylhexapeptide-8, and snake venom peptide, which can completely resist the ageing of the skin from the inside out and keep the skin young.
